

Coverings, Companies and Corporations

Companies and corporations have contracts and agreements that define their relationships with people. In these contracts, terms and conditions they refer to themselves as "we" and "us" and people call them "they" and "them" showing us that they are non-human entities. They have wants, desires, preferences and acts of self preservation through contracts that protect themselves and their investors. These are all implicit.

In their contracts it says that you cannot indemnify nor hold them, their agencies or their officers liable for any negative outcomes. They are the beneficiaries and yhe ones who are protected in these contracts, and it is you that is the real provider. You provide them money. Most of it goes to them.

Just a side note: When Satan was cursed by God He said "on your belly shall you go, and you shall eat dust all the days of your life.

It was also Adam that was told "from dust you came, to dust you shall return. Death equals wage earners efforts, turned to money, then wasted on payments to these providers. These are dead works. People opporating off of their upside down nature of faith turned to fear, are throwing their money away because the beneficiaries are not those who pay but those who receive. Throwing your hard earned pay after these, is people working the curse that returns their sweat to dust. This is the dust "they" (meaning providers) eat showing you how Satan and his non-human entities are eating up your hard earned pay.

Your actions are for their own good and longevity, NOT YOURS. Look at their stocks and their holdings.

They are all living organisms, however not one of them is from God's 6 days of creation. If they were, they would have spoken of there. To God they don't belong. They are artificial entities, meaning not natural, not of God's doing.

In the time of Noah's flood they were wiped out. They were not of those counted male and female according to their kind, of those who escaped the flood. In other words, they were condemned as being monstrous entities.

When people agree to their terms and conditions and render payments, they give up a piece of themselves and empower an artificial entity to operate on their behalf. As it is with a financial loan, the borrower serves the lender. So to, the subscriber serves the provider. There is only an illusion of payoffs and cures, but most of those are in commercials and don't really exist. However it makes you feel warm and fuzzy.

There are promises and acts of benevolence that comes from God as spelled out in scripture. But

these other entities become competing forces offering optional services, overlaps in coverages, securities and safety nets for the "what ifs" in life that drive you by fear.

Note: Fear was first experienced by Adam the moment he ate the forbidden fruit. When God asked him where he was, God knew. But God wanted Adam to analyze where he was, and how to identify when he was operating on his own. This is why God tells us in scripture "I will never leave you or forsake you" and "I am with you, even throughout the ages" showing the broad range of His coverage. It reaches anyplace throughout time and eternity, so you don't have to fear the restrictions of terms and conditions. And because God is eternal, you don't have to worry about lapses in coverages or uncovered procedures. He's got you covered if you turn from the competition. That is what repent means. To turn. To turn it over to the God who made you in the first place. He is the designer and the owners manual is the Gospel.

This is why those who sign up and subscribe to these various non human agencies, commit spiritual adultery. God is insulted by these.

Even as scripture says of God. The One who was and is and is to come, The Almighty. Meaning He is always God. But the competitor "is not, yet is, but must become" who was developed over time, "but must go into perdition", meaning Hell, showing you what the competing forces are, and what their demise is.

This is why the call was made to "come out of her My people lest you partake of her sins and receive of her judgment.

What Eve did is she left her covering, Adam, whose covering is God and came under coverage from another. Adam and Eve received provisions of another, Satan, and became blind to the only one who can save them.

That is why scripture is clear that there is only one Savior. If you subscribe, or put yourself under the competitor, you put yourself out from under God's care, and you shall receive what they promise, nothing. You signed it. You cannot hold them liable or responsible? You are on your own.

Just as Adam was not present when Eve ate the wrong fruit, and Adam became guilty too, he was implicit. So too, your children and all who are under your care are subject to the same outcomes.

This is what Paul means when he said "you cannot eat from the Lords table and the table of demon's". That's what Adam and Eve did. They sought new providers and other coverages called The Forbidden Fruit. We can't make it much plainer than this.

So we ask, what agencies give you coverages and who are your service providers? And if you take your hard earned cash to pay them, mostly for something you may never or rarely need, especially like insurance who serves whom? And who is the real beneficiary? The answer is the

payor serves the payee. And because "you cannot serve God and Mammon, meaning money" this should give you a clue as to who your God is and under whose coverage you seek safety from.

There are so many artificial entities today and they all have a face of benevolence however scripture says you will know them by their fruit. The payoff from these entities is about the same as legalized gambling, and people are not the winners. There are more sick and dying with no cures, only paying patients and endless drugs. But because they are approved it's okay? There is a reason they call them Pharmacy's. That's the Greek word for witchcraft, pharmacia. This is no coincidence.

Corporations are entities that hire trustees and board members to impose their will to pilfer the unsuspecting . After it is all said and done, and people come to their God given senses, they will see an eirey resemblance between the Corporate logos today, and the hydroglyphs of old, showing the two Babylons are one and the same. That the Babylon today is not so mysterious.

The Fall of Babylon the Great

18 After these things I saw another angel coming down from heaven, having great authority, and the earth was illuminated with his glory. ² And he cried ^[a] mightily with a loud voice, saying, "Babylon the great is fallen, is fallen, and has become a dwelling place of demons, a prison for every foul spirit, and a cage for every unclean and hated bird!

³ For all the nations have drunk of the wine of the wrath of her fornication, the kings of the earth have committed fornication with her, and the merchants of the earth have become rich through the ^[b] abundance of her luxury."

⁴ And I heard another voice from heaven saying, "Come out of her, my people, lest you share in her sins, and lest you receive of her plagues. ⁵ For her sins ^[c] have reached to heaven, and God has remembered her iniquities. ⁶ Render to her just as she rendered ^[d] to you, and repay her double according to her works; in the cup which she has mixed, mix double for her. ⁷ In the measure that she glorified herself and lived ^[e] luxuriously, in the same measure give her torment and sorrow; for she says in her heart, 'I sit as queen, and am no widow, and will not see sorrow.' ⁸ Therefore her plagues will come in one day—death and mourning and famine. And she will be utterly burned with fire, for strong *is* the Lord God who ^[f] judges her.
