

Leaving Babylon, Luminaries, Angels and Satellites

Luminaries, angels and satellites.

The word "satellite" was coined when astronomers were trying to describe the several moons around Mars and their purposes.

There are several bright luminaries in the skies, and there are lesser important ones that have no light in themselves but only reflect. It is the ones that are closest to a planet that have lesser importance and lesser lumination that are described as satellites or moons.

Today a satellite is generally a man-made object put in the lower parts of the heavens, just far enough above earth not to easily fall but as close as possible to reflect things transmitted from Earth to bounce back down for broader coverage. Kind of how moons reflect light however satellites bounce down data.

Through a steady stream of information transmitted up to bounce back down having several different purposes but all fall under the guise of giving direction of some sort. Because of their temporal makings and their impermanence, they are of the least value in importance and not listed as a creation of God and not a delivery mechanism of God either. However they do transmit information and a lot of it is innocuous, some of it is like poison packaged in candy. Scripture talks of a deception with all lying signs and wonders if possible to decieve the Elect.

This is similar to how we would define an angel. An angel is a messenger or a broadcaster that represents the sender, usually from God in the upper stratus, to man on earth. There are also fallen angels with messages of their own whose intension is to steal people from God by shaping people's minds first.

The book of Hebrews describes the Heavens and the unimportance of angels saying "for God has not put the realm to come of in which we speak in subjection to Angels". Meaning The Messengers of God have limited purpose and coverage, and fallen angels have even less then that.

The book of Hebrews also defines the angels purpose being subservient to humans saying "Are they not all ministering spirits sent forth to minister to those who will inherit salvation?" Except for the fallen Angels, because they present a different benefits packaged to mankind than the salvation of God. They offer to you a false sense of God likeness to help you manage all of your affairs with the stroke of keys.

But we have an unction from the Holy One and we know all things, so we have a better, more complete benefits package.

Messengers and Angels

The word Angel in scripture is also translated messenger, defining their purpose as delivery mechanisms from God.

In the beginning God created expanses, but it was man who created a chasm in that expanse between them and God with a new sub-sector we call fear. Man departed his role to be godlike and empowered another by leaving his spot vacated. This chasm exists in the lower part of the expanse just above carnal reasoning. Mankind left that expanse open by abandoning it. This is where Satan is, in the first expanse or chasm and parallels what we call the atmosphere.

The fallen angels falsely elevate themselves just above humans and serve Satan, who is called "the prince of the power of the air now working in the sons of disobedience" according to scripture.

It is here that we make the connection of man-made Satellites as false luminaries in competition with God's instant messaging or prayer. And because Satellites are manmade, you can see how Satan becomes empowered by mankind through the assorted mechanisms and is in essence empowered by humans but exercising authority. Who authored that? Not God.

These angels, messengers, carriers and transmitters are working in full force today by dominating the air waves with their instrumentation from 1G to 5G and transmitting towers as well as all the other transmission agencies of cell phones TVs and The Internet of Things. God is everywhere and the internet with its Satellites is the counterfeit.

The internet logo is a globe wrapped in a net which is a dragnet catching every kind and has nefarious implications.

It is like God in that it is everywhere and knows everything, having the ability to answer billions of people all at the same time, in every language tribe and tongue according to their appetites, fueling each person's illusions, having its espionage devices everywhere.

This is god-like and competes against God for the souls of people who swear allegiance to them and sign their lives away through contracts called "terms and conditions".

These devices provide a false sense of security called coverages, that actually blind people from the covering of God. And if you know God's scripture, you would understand that Christ is the covering for man, man is the covering for his wife and their children, and God is where Christ gets His coverage. God is our shelter, provider and covering and where we get our wares to become godlike, or godly, orchestrating our lives with His wares not the internet.

Here is a question for you, have you made the symbolic connection between the pyramid and the all seeing eye, with the www. eye in the sky that sees you, tracks you and knows your every move, from when you awake to when you go to bed and everything in-between? Well you better take another long look at how they control you by knowing your appetites so when you step up to their

table, they know what to feed you.

This is why scripture says that "You cannot partake of the Lord's table and of the table of demons. ²² Or do we provoke the Lord to jealousy? Are we stronger than He?" After all, who do you think is tracking you?

We need to understand that the *www*.eye in the sky has the same powers as **familiar spirits** warned about in scripture as seen here; "Give no regard to mediums and **familiar spirits**; do not seek after them, to be defiled by them: I *am* the Lord your God'.

And here; The person who turns to mediums and **familiar spirits**, to prostitute himself with them (spiritual adultery), I will set My face against that person and cut him off".

So you must be careful not to insult God by prostituting yourself for their services by sharing your private self with another. If you belong to Christ your inward part belongs to Him plain and simple. If you are a temple of God, you are made Holy by the blood of Christ. You will not be found innocent to these charges if you keep pushing the "accept" button without examining what you might be forfeiting of yourself because some of their services are counterfeits of services provided to you in The New Covenant.

As God also says in His holy writ "for I am a jealous God visiting the iniquity of the fathers to the 3rd and the 4th generations. You put your legacy at risk too.

Also from scripture "the person who turns to **mediums** and **familiar spirits**, to **prostitute themselves** with them, I will set My face against that person and cut them off". So if you feel like you are not being heard by God, it is because you have willingly replaced the Creator Gods provisions with the gods of this age that orders and tracks your every move .

This is why the book of The Revelation of Jesus Christ talks about a smoke ascending from the bottomless pit that darkens the skies saying "do not harm the vegetation but only the minds of the men on who do not have the mark of God on them". Yes our skies/heavens are polluted in this way however not to damage the oxygen but the airwaves that pollute the minds of people, being the prince of the power of the air that now works in the sons of disobedience. Let them who read understand, that they may "cleanse themselves from all filthiness of flesh and Spirit perfecting holiness in the fear of God", which is our duty.

In this way Satan and his minions, or Messengers have been released from the bottomless pit as we are told of in John's Revelation, to perform their final rebellion, and their infection is in the simple-minded of those who have rejected the true God with His coverage and His providers.

Warning: there is an invisible enemy called a virus, with an invisible cure to save you called a vaccine. At the time of this writing, a program called "Operation Warp Speed" is in full production

making vaccines that are to be intravenously injected into your body, bypassing all of God's safety mechanisms in your body He gave to protect you. If you submit to their plan and accept their terms and conditions this time to receive their cure to save you, you insult the only Savior and saving of God given to mankind called Jesus Christ. Because of the tracer and tracking chip installed in these vaccines, you will be linked to the internet of things for damnation. **DO NOT TAKE** or let them do it. Scripture says that whoever receives this mark in the wrist or the forehead will be forever, irredeemably cut off from the love of God and damned. The chip grafts you into the internet, being Satan's dragnet. There is a reason it is called the interNET. You have been warned.

Stop You should know that the fallen angels have no bodies with which to perform their final rebellion so they need the internet of things and unsuspecting willing humans to carry out this final rebellion.

Just as a CD disc must be formatted to hold information, like a table without cups and saucers, liquid just runs off, so to scripture says "to be renewed in the spirit of the mind". We do this with scripture, however the repetition of lies from these fallen angels, validate yourself by feeding you your own brand of crazy, giving you a false sense of security and keeping you preoccupied from the truth that is found in scripture. You are scrubbed by another. Everytime you accept terms and conditions, you legally bind yourself to another and God is not going to break your contracts. You must do it. You are your own sovereign. You are made in the image and likeness of God, but instead of reflecting with God for your real self you reflect another and lose your God-given potential. Like we said, Satan's messengers have no bodies. They need humans to conform to them into their image for their insurrection. You have been warned!

Think about it. Who really is Siri and Alexa? When you call for them they say "did you summon me? That is a term used by spiritualist and calling up the dead and familiar spirits. And what about Google and Amazon? This is an infestation of demons. These are familiar spirits that know things about you that you don't.

The Heavens of the mind

In the beginning man was made in the image and likeness of God with abilities like God, but bowing to another through fear giving power to the one, humanity is now within reach to lower-level gods. Meaning that **the spirit of the mind was expanded and there was a gap between God and man**. This is the place of Satan's Dominion.

The physical is only given to the lower-level carnal man made of the dust for educational purposes only of using them to give definition to things that are in the invisible realm where God lives and to where He calls us to Himself.

As a result of God making all creation within 6 days and then rested from his works, He is completely in control of his works and over everything about it. However God is not in His creation in the same way that carnal man is.

So the skies have luminaries and illuminations that are not from God in both the skies and the heavens of the mind. There is a parallel between the two.

When Adam and Eve fell, **there was an expanse created between God and man.** That Gap call the heavens, has in it angels. It was angels that were allocated the job as a go-between God and man that miserably failed. Through their jealousy of looking at the clay vessels called men in their fuming anger they refuse to serve them. They are turned inside out now serving themselves and absconding with the glory of God given for man to aquire. And because this Gap was there, man having been shut down to hearing God exclusively, is now opened up to other voices. Mankind is more disposed to following things that appeal to their carnal senses than listening to their inner dialogue with God.

Even as Christ judged Satan saying "you are mindful of the things of mankind and not of God. That Satan in his jealousy was disposed to occupy his efforts stealing the things God gave to man, not understanding man's calling that men would judge angels.

God established prophets. Prophets being linked to God through the Holy Spirit and subject to Angels we're limited in their application as well.

In a court of law there must be a fair representation for both parties. In the courts of Heaven for the disparity between God and man to be fixed, they had to have fair representation from both sides. God who is higher than the heavens, and man who has fallen to his lower selfish appetites of his daily affairs, spells out this great disparity between the two that are the true heavens. Even as scripture says that "God has not put the angels in subjection to the realm of which we speak" showing us that they are not part of the solution.

Hebrews also saying "what is man that you are mindful of him, or the son of man that you would visit him by one of your own.

For this reason the gavel was dropped the decision was made the Son said "here am I send me", also saying "I have come to do your will oh God, He establishes the second and takes away the first. Meaning the first attempts at Reconciliation between God and man by the angels and the prophets failed miserably even with Christ own words "father if there be any other way"? Christ opened up a bridge for the breach of the fall of humanity to cross over the danger zones of demons. It is called the gospel message, and we are God's messengers and God's angels for God's atmosphere being The Spirit of the mind. "For the weapons of our warfare are not carnal but mighty with God's power in us, pulling down every lofty entity that exalts itself against the knowledge of God" showing us that the real battle zone is the spirit of the mind.

These are the heavens of our calling and Christ is the storehouse of our wares, not apps and ads. They offer a form of godliness, but all must perish with using.

God has a fair representation from his son whom is eternal for in the beginning was the word the word was with God and the Word was God, who became flesh and dwelt among us, in it to as many as received him to them think he gives power to become his children even those who believe in his name, showing us a full repair at the breach and that it is the Cross of Christ that crosses over into the spirit and our departure mechanism from here to there the garbage is gone. The necessity for Angels and Prophets have been totally expired because now we have the unction of the Holy Spirit and God's holy writ by which we need no other instrumentation to freely associate with God in his things.

So this brings us to our point today which is luminaries. These sources of illumination primarily for the fascinations of men, by captivating them in their mind to keep them away from the eternal heavens, being the Spirit and the thoughts of God. Even as the sun has greater importance than the moon, the Moon has no radiance of its own, so too Satan and his minions have no radiance of their own other than what they reflect in an obscure fashion. And even as a light that refracts off of a mirror takes on an inverse version of itself, so to these lower-level satellites that beam back to Earth the things that are sent up to them pretending to be truth truth they are not, it is false news. False news is bad news in the word good news from the Greek comes from the word called The Gospel.

The only real good news is the Gospel of Jesus Christ that Bridges the gap. But it is the lower-level satellites that reflect back to men keep them bound and determined to stay here on planet Earth.

Broadcasters.

Farmers for greater coverage in CE distribution for a better crop, used implements called broadcasters. Broadcasters are instruments that spread the seed far and wide for a greater saturation of landmass to improve production.

In terms of the news agencies that use the various airwaves, be it radio TV or Internet, are also called broadcasters. And being similar to the farmer, these forms of broadcasting cast seed as well. You hear terms like seeds of discord seeds of distrust.

It is the gospel message of Jesus Christ that is broadcast as well. And just as with the farmer to broadcast seed for growth, and broadcast fertilizer for the growth of this seed, the gospel broadcast seed in the things necessary for it to grow as well in this seed is the seed of Christ. The broadcast mechanism from scripture is called the gospel and how sons of God are created how did children of God and his offspring are.

So understanding that the gospel, or the good news, is a broadcast mechanism for waking up

others to godliness, the competing broadcasting of not the good news but the bad news or today more and more becoming and fake news from both sides, this news does not create godliness with faith but create servants with fear and are bound by bad reports.
