

## The Holy Spirit, 2 and 3 Strand DNA

It is interesting that the word canon is used similarly with Gods Holy scripture and DNA. In both cases it means authorized text and most common genetic structure.

However, in human dna which takes on a helicoil shape having two spiral strands but room for third strand with the center left open. This is because the center part of human DNA was left open for Gods Holy Spirit. The third strand is "the breath of life", not being oxygen but Gods Holy Spirit. This was intended to co-habitate in us.

Adam and Eves death was not a bodily death as evidenced by living some 900 years, but the departure and vacating of Gods Holy Spirit and breath from them. This is how Adam and Eve experienced the death God warned them of.

It was in the beginning that God breathed into man and he became a living being. It was not oxygen that God breathed into Adam because we all have that, but an escence of Himself, His Holy Spirit. S

Spirit in the Greek is the word pnuemas and means air and breath so you can see the confusion.

Adam and Eve became dead to the things of God, and alive only to self, showing the need to be regenerated, born again and get the restoration from God of His Holy Spirit in order to interact with God unhindered.

Christ referred to this when He said "I will not leave you orphans" or parentless. "I will send you My Helper" who comes and teaches us all things. (John 16)

This is what it means to be born again. We receive the breath that Adam lost and we are alive to Gods things by the indwelling of Gods Holy Spirit.

This same type of removal of Gods Holy Spirit happened with what we call scripture. We have two strands called old and New Covenants of God. But there is a whole left in the middle of it called the Apocrypha. The true person of God's Holy Spirit has been censured.

They say that Apocrypha were hidden and invalid teachings. But if the word Apocrypha was offensive, then why wasn't the book of The Revelation offensive, because the word revelation from the Greek is apocalypse and means the hidden is uncovered. It means "unveiling". Much like the unveiling of a statue in a public setting of an idol figure. However our idol is Gods Only Son.

Like with the fall of man, was the loosing their core value in their three strand DNA and became two strands with the middle emptied out, the information removed from the middle of the canon of scripture called the Apocrypha, involved the removal of the knowledge of Gods Holy Spirit too because She is priMarily been given up for another Mary. The Catholic one.

When Adam and Eve died, it was the breath of God, the Holy Spirit that once inhabited the missing helicoil, empty spot of normal human microcondrial DNA. They died in the sense that the element they had, that made them live eternally was removed, leaving an empty spot in the image and temple of God we call man. That is why "we are temples of the living God" according to the new testament.

This is the temple Satan is ultimately enamored with, that he wants to sit in power in the temple of God which is humanity at large. To each one severally, each one in their own order or time. Same as the gospel of Jesus Christ.

And what better way for this to happen than to inhabit the blank void left empty in each human, who hasn't accepted the invitation of being born again, of the spirit, and the Holy Spirit. It is us that get our third strand back at our re-birth of receiving the breath of life from God that Adam lost to become spiritually dead.

The game plan today from Satan, who is "the prince of the power of the air who now works in the sons of disobedience", of those who have been re-spirited not by God's Holy Spirit, and not by oxygen, but the antichrist spirit.

Therefore when you see the Abomination of desolation in the Holy place, the empty spot that once was inhabited by the breath of God is inhabited by another.

The mysterious empty spot that each person has for God to return, to return them to eternal life, now being occupied by one to bring eternal death.

Eternal death because the incertion is not the Spirit of God but a synthetic, a structure not made by God, but made to accommodate the spirit of a different source, Satan. True sorcery. Witchcraft, demon spew. The god of this age, the prince of the power of the air.

when you see the abomination of desolation spoken by Daniel the prophet and the place where not be, let them who read understand.

therefore since you kept my command persevere, I will also keep you from the trial that you'll come upon the whole earth to try it. We are looking at it in the face.

In the day that Adam and Eve ate they became dead, the living Dead, and replicated dead things.

## Canon

This article is about the concept of a canon that defines the world of a particular series or franchise.

For other uses, see [Canon](#).

In [fiction](#), **canon** is the material accepted as officially part of the story in the [fictional universe](#) of that story. It is often contrasted with, or used as the basis for, works of [fan fiction](#). The alternative terms **mythology**, **timeline**, **universe** and **continuity** are often used, with the first of these being

used especially to refer to a richly detailed fictional canon requiring a large degree of [suspension of disbelief](#) (e.g. an entire imaginary world and history), while the latter two typically refer to a single arc where all events are directly connected chronologically. Other times, the word can mean "to be acknowledged by the creator(s)".
