

Oh King we have NO need to answer you!

Oh King we have NO need to answer you!

These were words in [Daniel 3.16](#) that Shadrach, Meshach, and Abed-Nego answered and said to the king, and who did not physically respond to the demands of the king, who considering their riches from God to be immeasurable more safe and of greater value to keep them from being concerned about the king's threats. But more so showing us that they considered the provisions of God to be a strong tower against their threats.

[“And our God is able to make all grace abound toward you, so that you, always having all sufficiency in all things, to have an abundance for every good work.”](#) And however scary it may have been for them to be threatened with death by the ruler of that kingdom, they still took control over the situation by employing their confidence in the promises of The Almighty God. So you can be certain that those who stand firm in the word of God, DO NOT STAND ALONE!!

This account like all accounts in scripture has eternal value for us. To fortify our mental and spiritual resolve, to hold on to the assurances of the gifts from God in Christ. Which is our new selves re-modified and re-fitted by scripture with His word. Meaning, God's Son called “The Word of God” being the genetic information we need like God, then broken down into pictures, pieces, sound bites and parables, for us to understand, assume, assimilate and put to use as co-owners and “joint heirs” of the things of God in Christ” as outlined in scripture. It is to understand, and to assist the Holy Spirit in our endeavor to be modified by such. What would Jesus do? This is it. This is our savior because this is how we learn to appropriate what is cryptically splayed out in scripture and given for our retrieval as becoming saints. And then by the power of The Holy Spirit to implement what you've discovered. Here is your empowerment!! This is how the trade off takes place, Old for New, speaking of covenants and natures. But just as Adam felt naked and exposed and took the first offer to cover himself with fig leaves, so too, many cover themselves with other types of papyrus and contracts, by subscribing, authorizing and even paying for services that come free with salvation. Just read the accounts of those who were healed and helped in various situations and believe.

Christ would not bow down to such demands and neither should we because “as He is, so are we in this world”. Then that means what you may be thinking that He takes care of later, that later is NOW! Because “Today is the day of salvation” in all His various forms. None of which you had to sign up for or pay for.

Especially when it comes to our new selves He has provided to us in scripture.. This is why we are told, “in your patience possess ye your soul.” So that you can hone in on what your role is in the grand scheme of things of what is really important from an Eternal standpoint. And that is? The salvation of your souls. The only you, you get to keep, if you haven't sold yourself out through subduction, by placing yourself under others by what you subscribe to. Where you sign off to be

subdued. Any form of authorization you give to a provider of ANY sort puts you in subjugation as inferior to serve that form of writ. And with each subjugation you submit to, your covering from God becomes smaller and you become more and more exposed because the more you get bound up by their submission forms, the blinder you get to who provides for whom. And the true Savior, saving and safe place becomes more and more distant. Then you become numb and unresponsive to the inner unction of The Holy Spirit. And more and more subject to the harms, distractions and ills of the age because you sought other forms of protections that in reality exposes you to more. That is why the healers and savings and saviors are huge and getting bigger. Like the giants of old they are gobbling peoples savings up. And this like a snowball rolling down hill that becomes bigger and bigger, is indicative of your lack of resistance to the lies. For this we have a remedy called "repent" which really means just to turn and go the other way. You will be met by the warmest most reassuring loving God who is standing with His hand extended to reverse the draw on your soul.

So now how do we put this in context for our lives? Well simply put, to possess our souls is to **first remove the debris and the inroads sown into us by the enemy Satan**, described as "the god of this age", showing us that he has been given control over certain factors as a tool of the True God to exercise our resolve. And for God to "separate the wheat from the tares". There are those who succumb, and those who rise up to challenge and break the yokes of bondage. For every service they offer, there are scriptures and promises of God that work better because they are God's plug-in-and-play remedies. Just as simply as people are put under subjective agreements, terms and conditions, so too they break the chain by opting out as an act of repentance. And it is incumbent upon each one of us to exercise our God-given sovereignty to rise up to them and say "no more". And, "get behind me!". And break free from the tools you agreed to for their operation on your behalf. When ever you accept these services, if you read THERE ARE NO TERMINATION DATES whereby they expire their sovereignty over the appointed matter. In essence they are Eternal!!!

Maybe this seems innocuous to you, but what if these terms and conditions are the soft sell to their greater plan of abusing the power you gave them by your own submission? If you read the not so fine print, they come right out and say that they "reserve the right to change these terms and conditions anytime", And IT IS UP TO YOU to go back and check their updates as often as necessary to make sure that they remain innocuous. That if you don't then you have zero recourse for rectification if they take advantage of you. And you say, they haven't and they won't. Well if you look at the internet as a web, carefully woven overlapping their cross hairs on humanity like a net. To softly convince everyone that they are safe, until your power to respond is gone and the time to respond was before there was a problem. Think about it!

And we say, it is not an "if they do" but "when they do". Because in truth the internet is a net of capture. Jesus Christ told them "I will make you fishers of men". For each thing that God has, there is a counterfeit from the enemy for your souls. And as long as he can keep you detained, entertained and maintained here? He can keep you from your salvation, which is your recovery

process of your souls that you are suppose to cooperate with the Almighty God on. Remember those of whom He had said, that poor blind and naked!!

God should be your ONLY form of dedication, submission, subjection and cooperation. All others are subjective to that one, not the other way around. That "every knee shall bow, every tongue confess that Christ is Lord to the Glory of God the Father.

Meaning when you allocate your time, energy and funds for your day, week or month or whatever, where is God in your line up. Because if He is last, He is likely not there, and you blame Him for things not going as you planned. Then we ask, who serves whom?? Maybe He's your genie in a bottle? No, you are on your own. But because everything seems to work just fine with those providers, maybe you think that is from God? To this we say, yes, that is your god, and you got what you paid for because "you cannot serve God and money". It is because of your contract that you subjected yourself to their promises. And they will eat you up like fire. When they pull the noose on the net, you won't be able to get out quick enough. THIS IS THE TRAP. That Mystery Babylon has fallen

Yes there is an invisible harvest taking place and make sure you are being harvested as being a pleasing product to the Father. He has sown His Son into this age, and is expecting His look alikes. Meaning if Christ did not tolerate something, then neither should we. This is also what we learn of through the various pictures of others in scripture. And whereas they had to face literal death in scripture, for the most part we don't die all at once. But we do have to agree to loose things here to obtain things which are there, which is our trade off of earthen things, in exchange for a piece Eternity with our new name on it. Even as John the revelator wrote to those who overcome before their body dies "[And to them I will give him a white stone, and on the stone a new name written which no one knows except those who receives it.](#)" '

So "in your patience posses ye your soul"? Lets start by recovering it first because you have been being bound up your whole life. (Parable of the dead and bound coming forth)

And because parables are given to make visible invisible bandages, we are to learn how to unwrap ourselves from the bondage of this age that deceptively make you feel godlike with the instruments they offer you. And much like with Sdam and Eve, the moment tgey started accepting coverages and provision from another, in our cSe others, to the degree you have, you have become blinded or dead to the provisions from God for temporary empowerments from other source of provisions. And let tgere be no doubt that the words sorce, sorcery and out-sourcing have more in common then similay spelling and pronunciation. YOU HAVE BEEN WARNED.

If this comes to you as offensive, then this is not for you. You have your providers. Let THEM take care of you. But in the end, we will see who is better off. Those who save themsrlves in this age, or those who accept the saving from God as seen in His promised scattered about scripture for our consupntion, Bsorption and implimentation so that when the stroms inthis life increase that you too can say like Danial and company, that "we have no need to answer you in these matters". Now

lets go into what some of these matters are, so that we can say the same thing. In your patience, posses ye your soul!!!
